### 4.1 SPECIAL INSURANCE REQUIREMENTS - CYBER LIABILITY

If the work involves services or goods related to computers, networks, systems, storage, or access to EMS Agency data or to any data that may, alone or in combination with other data, become Confidential Information or Personally Identifiable Information, the following insurance is required.

#### A. Privacy and Network Security

During the term of the Contract and for three years thereafter, maintain coverage for liability and remediation arising out of unauthorized use of or access to MVEMSA data or software within Contractor's network or control. Provide coverage for liability claims, computer theft, extortion, network breach, service denial, introduction of malicious code, loss of Confidential Information, or any unintentional act, error, or omission made by users of Contractor's electronic data or systems while providing services to MVEMSA. The insurance policy must include coverage for regulatory and PCI fines and penalties, crisis management expenses, and business interruption. No exclusion/restriction for unencrypted portable devices/media may be on the policy.

#### B. Technology Errors and Omissions

During the term of the Contract and for three years thereafter, maintain coverage for liabilities arising from errors, omissions, or negligent acts in rendering or failing to render computer or information technology services and technology products, including at a minimum, coverage for systems analysis, design, development, integration, modification, maintenance, repair, management, or outsourcing any of the foregoing.
